

- notes from under a boab tree -

**an uprooted boab tree
hangs inverted
suspended from the beams
in a cavernous factory**

**on the floor
under the tree
a bentwood chair**

**on the seat
a hand-written note**

**“...SIMPLY ACCEPT IT;
THERE’S NOTHING TO BE DONE ABOUT IT
BECAUSE TWICE TWO IS MATHEMATICS.
JUST TRY TO ARGUE!”**

Fyodor Dostoyevsky - 1864, Notes from Underground.
